

Pre-Procurement No. 2023-21

Addendum 01

This document is posted to capture the questions received, and agency answers provided, during the question and answer period of Pre-RFQ No. 2023-21, issued June 18, 2023.

All amendments, addenda, and notifications related to this procurement will be posted on the [OSPI website](#) (if this was an open procurement) and on the Washington Electronic Business Solution ([WEBS](#)) website. Additional questions concerning this procurement must be submitted to contracts@K12.wa.us. Communication directed to other parties will be considered unofficial and non-binding on OSPI, and may result in disqualification of the Consultant.

OSPI hosted a Pre-Bid Price Quote Specification Document Review meeting on June 26, 2023. The following are notes from the meeting:

The Pre-Bid meeting was primarily a document review since there were no substantive changes from last year's bid documents.

Aside from scrolling through all the bid documents, there were only three items addressed during the review:

OSPI at the opening: There was only one change to the bid documents from last year. Under "Axles," oil baths AND sealed grease bearings will be allowed.

From the floor at midpoint: Request that CNG be deleted from school category bid documents. Dealerships agreed and OSPI concurred. CNG will be deleted from bid documents from this point forward.

OSPI upon closing: When filling out documents, common errors were not checking all the required "boxes" and using metric measurements (millimeters and centimeters) instead of inches and feet.

There were no other comments and questions from the floor.

No questions or responses included in this document require any changes to the solicitation document; this document stands alone.
