

Children’s Mental Health (E2SHB 1713)

1. **Purpose:**

The project’s purpose is to increase access to care by supporting schools’ ability to coordinate behavioral health services for students and families.

2. **Description of services provided:**

This proviso established the OSPI Regional Behavioral Health Pilot Project to increase access to care through cultivating cross-system regional and state collaboration, between schools & communities, to increase equitable access to care for students in need of behavioral health supports (RCW 28A.630.500). ESD 101 and 113 launched their System Navigators in early 2018. The System Navigators are working to engage in partnerships with regional healthcare partners and have demonstrated an increase in school connections with the healthcare provider system.

Criteria for receiving services and/or grants:

ESD 101 and 113 were selected as the two grant recipients for the Pilot Project which launched in early 2018. They were to implement System Navigators that engaged in partnerships with regional healthcare partners and to demonstrate an increase in school connections with the healthcare provider system.
