School District/ESD _____

Washington Administrative Code (WAC) 392-144-160 requires each school district to annually evaluate each authorized school bus driver for continuing compliance with the provisions of chapter 392-144 WAC. Below is a statement verifying that an evaluation of driver authorization compliance has been conducted, as well as providing confirmation that the School Bus Driver online database has been updated.

Please check off each box verifying completion and compliance:

- Each authorized school bus driver has completed the current year's inservice training prior to November 1, 2007, as required by WAC 392-144-020(5).
- Each authorized school bus driver's physical examination expiration date, first aid expiration date, and driver's license expiration date has been updated in compliance with OSPI procedures.
- Each authorized school bus driver has completed an updated disclosure statement as required in WAC 392-144-102(4).
- Each authorized school bus driver's current and original abstract has been obtained from the Department of Licensing and the driving record is in compliance with WAC 392-144-103(2), (3), and (5).
- Each authorized school bus driver meets the requirements of WAC 392-144-102(5)(a)-(d).

The minimum requirements for all school bus drivers have been updated in the database, and an evaluation has been conducted on each authorized school bus driver as required above.
