Future plans for the Indian Education Upcoming Events List:

Along with emailing the events list to our listserves, we also mail it out to individuals who have, over the years, requested to receive paper copies. However, with the increased costs of printing and postage, our office will no longer be sending the list out by "snail mail;" and this will be the last edition we will actually print and mail out in addition to emailing to our listserves. We have also wanted to add an "Upcoming Events" page on our ONE website (www.k12.wa.us/IndianEd/) so we can add and delete events in a timely manner and keep the site current.

In the future, people will have two opportunities to receive the information included in this list:

1. By being placed on my listserve to receive it electronically. Just send your request to joan.banker@k12.wa.us.
2. Check out the "Events" page on our website (www.k12.wa.us/IndianEd/) coming soon.

Also, please continue to send us any events you would like announced through our listserves and/or webpage.

Please note the current site address for the updated/edited "Since Time Immemorial: Tribal Sovereignty in Washington State" online curriculum: www.k12.wa.us/IndianEd/TribalSovereignty/
The former site (www.indian-ed.org) is still available for a few more months until we finish moving the rest of the curriculum over to our new server.
