2. PURPOSE OF REQUEST FOR QUALIFICATIONS AND QUOTATIONS

The Office of Superintendent of Public Instruction, hereafter called "OSPI," is initiating this Request for Qualifications and Quotations (RFQQ) to solicit proposals from Consultants interested in participating on a project to develop a pre-disaster mitigation plan addressing school facilities in Washington State.

3. BACKGROUND

OSPI was awarded a pre-disaster mitigation planning grant by Federal Emergency Management Agency (FEMA). The Pre-Disaster Mitigation program provides funds to states, territories, Indian tribal governments, communities, and universities for hazard mitigation planning and the implementation of mitigation projects prior to a disaster event. Funding these plans and projects reduces overall risks to the population and structures, while also reducing reliance on funding from actual disaster declarations.

The grant requires a planning process take place over the course of three (3) years and involve high-level interaction with multiple school districts and other stakeholders in education. The final work product, a pre-disaster mitigation plan addressing school facilities in Washington State, will

help OSPI and the state understand the risks from natural hazards that face school buildings in Washington State, as well as tools and availability of Federal funding to address those risks.

4. OBJECTIVE AND SCOPE OF WORK

The following areas are identified as the primary responsibilities for the contractor(s):

- A. Assist OSPI in developing, organizing, and facilitating a planning team for the project, and provide technical assistance to the planning team as needed. Planning team meetings will be held on a monthly basis or as needed. Planning team members will consist of a diverse group of stakeholders (e.g. state agencies, school districts, members of the public, trade associations) who will provide input on drafting the regional plan.
- B. Assist OSPI in coordinating with planning partners (e.g. school districts) who will be covered by the planning effort and undertake jurisdictional annexes so they can be covered under the regional plan.
- C. Assist OPSI in coordinating with agencies that are involved in, or can affect hazard impact mitigation actions related to the planning effort.
- D. Package data collected and analyzed for the risk assessment into a report, under the direction of OSPI and the planning team. The report shall help meet the information needs of school districts looking to undertake their own mitigation plans. Packaging will include the creation of templates to be used by school districts.
- E. Develop a communication plan to address communication for the project, including messages tailored for interactions with stakeholders and the public at large.
- F. Assist OSPI in developing a page on the OSPI website that provides information to school districts and the public about the ongoing planning effort. The page will also serve as a resource to assist school districts in developing local mitigation plans.
- G. With input from OSPI and the planning team, develop and deploy survey templates to be used by school districts for students, parents and school staff. The survey shall be web-based with the option to deploy in a hard copy format.
- H. Assist the planning team and OSPI in conducting public meetings, which will include at least one (1) meeting at each of the school districts that are part of the planning partnerships. These meetings should leverage the existing meeting protocol available at the school district level, and may require presentations.
- I. Assist the planning team and OSPI with developing goals and objectives for the regional plan. This process will include informing the planning team on issues that consistently impact the school districts as they relate to natural hazards. This process will also rely on the input from survey data.
- J. With input from OSPI and the planning team, develop a tool kit that includes the following:
 - 1) Letter of Intent to link/participate in the regional plan;
 - 2) Planning partner expectations package;
 - 3) Risk assessment data package;
 - 4) Catalog of mitigation alternatives broken down by hazard of concern;
 - 5) Copy of the regional plan goals/objectives;

- 6) A jurisdictional annex template;
 - 7) Instructions on how to complete the jurisdictional annex template ;
 - 8) Sample public information surveys;
 - 9) FEMA Mitigation Grant eligibility criteria;
 - 10) A catalog of federal grant programs that can fund hazard mitigation initiatives;
 - 11) A copy of the plan maintenance criteria;
 - 12) Sample resolution adopting the regional plan; and
 - 13) Prescribed process for submitting linked plan to Washington State Emergency Management Division and FEMA for review/approval
- K. Provide technical assistance to planning partners and OSPI regarding vetting the tool kit with the planning partners, ranging from twenty-five (25) to thirty(35) school districts.
- L. Assist the planning team and OSPI in providing technical outreach to school districts interested in linking to the regional plan. Outreach sessions will be in the form of technical workshops in order to train/inform school districts. The number of outreach sessions will be based upon the interest shown by school districts.
- M. Perform up to ten (10) initial benefit-costs analyses, compliant with Disaster Mitigation Act (DMA), on shovel ready projects to determine cost effectiveness of mitigation projects identified by the planning team to determine a project's FEMA grant eligibility.
- N. Assemble a two (2)-volume plan under the direction of OSPI including input from the planning team, in accordance with state and federal requirements.
- 1) Volume 1 shall contain all information that applies to the planning area (state) such as description of the planning process, risk assessment, goals and objectives and plan maintenance strategy.
 - 2) Volume 2 shall contain elements that are "jurisdiction specific," such as the jurisdictional capability assessment, risk ranking, and mitigation strategy, including a jurisdictional annex for each participating school district. Annexes shall meet DMA requirements for each jurisdiction. This format is supportive of the plan linkage concept promoted by this project.

6. PROTEST PROCEDURE

This protest procedure is available to Consultants who submitted a response to this solicitation document and who have participated in a debriefing conference. Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) an evaluator's professional judgment on the

quality of a proposal, or 2) OSPI's assessment of its own and/or other agencies needs or requirements.

Upon receipt of a protest, a protest review will be held by OSPI. OSPI Contracts Administrator or an employee delegated by the Contracts Administrator who was not involved in the procurement will consider the record and all available facts and issue a decision within five business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant that submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFQQ Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold OSPI's action; or
- Find only technical or harmless errors in OSPI's acquisition process and determine OSPI to be in substantial compliance and reject the protest; or
- Find merit in the protest and provide OSPI options which may include:
 - Correct the errors and re-evaluate all proposals, and/or
 - Reissue the solicitation document and begin a new process, or
 - Make other findings and determine other courses of action as appropriate.

If OSPI determines that the protest is without merit, OSPI will enter into a contract with the apparently successful Contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

6. **Attorney's Fees.** In the event of litigation or other action brought to enforce contract terms, each party agrees to bear its own attorney's fees and costs.
7. **Budget Revisions.** Any monetary amount budgeted by the terms of this contract for various activities and line item objects of expenditure may be revised without prior written approval of Superintendent, so long as the revision is no more than ten percent (10%) of the original line item amount and the increase in an amount is offset by a decrease in one or more other amounts equal to or greater than the increase. All other budget revisions exceeding ten percent (10%) shall only be made with the prior written approval of the Superintendent.

The Contractor, therefore, agrees to hold all such material and information in strictest confidence, not to make use thereof other than for the performance of this contract, to release it only to authorized employees and agents requiring such information and not release or disclose it to any other party. The Contractor agrees to release such information or material only to employees and agents who have signed a written agreement expressly prohibiting disclosure.
11. **Copyright Provisions.** Unless otherwise provided, all Materials produced under this contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the Superintendent. The Superintendent shall be considered the author of such Materials. If Materials are not considered "works for hire", Contractor hereby irrevocably assigns all right, title, and interest in Materials, including all intellectual property rights, to the Agency effective from the moment of creation of such Materials.

Materials means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register and the ability to transfer these rights.

12. **Covenant Against Contingent Fees.** The Contractor warrants that no person or selling agent has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established agent maintained by the Contractor for the purpose of securing business. The Agency shall have the right, in the event of breach of this clause

by the Contractor, to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration or recover by other means the full amount of such commission, percentage, brokerage or contingent fees.

14. **Duplicate Payment.** The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state or Washington or any other party under any other contract or agreement, for the same services or expenses.
15. **Entire Agreement.** This contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind any of the parties hereto.
16. **Ethical Conduct.** Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17.130 and 41.06.250 prohibiting the use of public resources for political purposes.

"Claim" as used in this contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom. Additionally, "claims" shall include but not be limited to, assertions that the use or transfer of any software, book, document, report, film, tape or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, or otherwise results in an unfair trade practice or in unlawful restraint of competition. Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any claim out of or incident to Contractor's or subcontractor's performance or failure to perform the contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

19. Independent Capacity of the Contractor. The parties intend that an independent Contractor relationship will be created by this contract. The Contractor and his/her employees or agents performing under this contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

20. Insurance.

a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises out of or in connection with the performance of this contract. Satisfaction of these requirements shall include, but shall not be limited to:

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage

for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. - c. **General Insurance Requirements.** Contractor shall, at all times during the term of the contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the contract at the Superintendent's option. By requiring insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. If a request is made to view the Contractor's information, the Agency will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Agency will release the requested information on the date specified.

27. **Publicity.** The Contractor agrees to submit to the Agency all advertising and publicity matters relating to this Contract which in the Agency's judgment, Agency's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Agency.

28. **Records Maintenance.** The Contractor shall maintain all books, records, documents, data and other evidence relating to this contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the contract, shall be subject at all reasonable times to inspection, review or audit by the Agency, personnel duly authorized by the Agency, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

32. **Site Security.** While on Agency premises, Contractor, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.
33. **Subcontracting.** Neither the Contractor nor any subcontractor shall enter into subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the Superintendent. In no event shall the existence of the subcontract operate to release or reduce liability of the Contractor to the Superintendent for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this contract.
34. **Taxes.** All payments accrued on account of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

If this contract is so terminated, the Superintendent shall be liable only for payment required under the terms of the contract for services rendered or goods delivered prior to the effective date of termination.
36. **Termination for Default.** In the event the Superintendent determines the Contractor has failed to comply with the conditions of this Contract in a timely manner, the Superintendent has the right to suspend or terminate this Contract. The Superintendent reserves the right to suspend all or part of the Contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Superintendent to terminate the Contract. In the event of termination, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding,

mailing, advertising and staff time. The termination shall be deemed to be a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence. The rights and remedies of the Superintendent provided in this Contract are not exclusive and are in addition to any other rights and remedies provided by law.

37. **Termination Due to Funding Limitations.** In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, the Superintendent may, without advance notice and without liability for damages, terminate the contract under the "Termination for Convenience" clause. The Superintendent and Contractor may, however, renegotiate this contract under any such new funding limitations and conditions.
38. **Termination Procedure.** Upon termination of this contract the Superintendent, in addition to other rights provided in this contract, may require the Contractor to deliver to the Superintendent any property specifically produced or acquired for the performance of such part of this Agreement as has been terminated. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause for this contract. The Superintendent may withhold from any amounts due to the Contractor such sum as the Superintendent determines to be necessary to protect the Superintendent against potential loss or liability.

The rights and remedies of the Superintendent provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law under this contract.
