Gran E. Smith, Superintendent
Apple Valley School District No. 1
100 Tree Lane
Appleton, WA 99999

RE: Red Apple Elementary Replacement (N/L) and Modernization Project
Certification of Completion

Dear Superintendent Smith:

Golden Delicious & Associates has reviewed the project documents. A final walkthrough has been completed, accompanied by yourself and John Fuji, President of the Apple Valley School Board.

At this time, we recommend final acceptance of this project as complete.

The Apple Valley School District has built for Red Apple Elementary 7,272 square foot of new-in-lieu construction, and 42,168 square feet of modernized space. This paragraph should include state-eligible and ineligible square footage built, and a description of the project that includes major changes from the project, such as adding more space or reduction of space.

In addition, we would like to take the opportunity to thank the Apple Valley School District for the opportunity to work on this project.

Sincerely,

Harry Delicious
Principal, Golden Delicious & Associates
