Dig Deep--

Analyzing Sources CBA

To be an effective citizen, one needs to know the difference between an account based on evidence and an outrageous story. After selecting and exploring a historical question from multiple perspectives, you will take and support a position on this question using primary sources as your evidence.

Directions to students¹

In a cohesive paper or presentation², you will:

- Develop a historical question.
- State a position on the historical question.
- Provide reason(s) for your position that include:
 - An explanation of how two or more primary sources support your position.
 - Additional evidence from one or more of the following social science perspectives:
 - geographic
 - cultural
 - political
 - economic
 - sociological
 - psychological.
- Make explicit references within the paper or presentation to three or more credible sources that provide relevant information AND cite sources within the paper, presentation, or bibliography.

¹ This directions page guides students towards the “proficient” level (level “3”) for this CBA. To help students reach “excellent” (level “4”), please refer to the rubric or, if available, the graphic organizer.

² Students may do a paper or presentation in response to the CBA provided that for either format, there is documentation of this response that someone outside their classroom could easily understand and review using the rubric (e.g., a videotaped presentation, an electronic written document).

* OSPI recommends that this CBA be used at a particular grade level and thus, the GLEs included in the rubric are for that grade. However, if the CBA is used at another grade level within the grade band (3-5, 6-8, or 9-12), the GLEs may need to change to match the appropriate content.
