Why Career and Technical Education?

- Learn which professions will be hiring
- Pick your career path
- Choose the academic *and* skills-focused classes that will get you the job you want
- Earn high school *and* college credit
- Explore college and apprenticeship options
- Become a leader

“Students who take CTE classes as well as academic classes in high school are better prepared for the working world, meet performance requirements of more employers, and earn higher salaries.”

*– Eleni Papadakis, Executive Director
Washington Workforce Training
and Education Coordinating Board*

Contact:

- Your school career or guidance counselor
- Your principal or school district Career and Technical Education office
- Career and Technical Education - Washington
