

McFARLAND MIDDLE SCHOOL

Othello School District:

McFarland Middle School has already done a lot of these things to promote a bully free school environment. They had an opening part of our first day of school assembly which included taking a **“Bully Free Pledge”** where all students stood up and recited the pledge as a school. They continue to recite the pledge at each whole school assemblies and in individual classrooms. Each student has a personally signed **“Bully Free Pledge”** hanging up in their individual lockers. This is also a central focus of their school-wide **Canfield** assembly. It is also a central focus of **Rachel’s Challenge** this year. They are committed to having a no-tolerance for bullying at McFarland Middle School.
