UNIT 3: MIDDLE SCHOOL - WASHINGTON STATE HISTORY

CONTEMPORARY WASHINGTON STATE – THE BOLDT DECISION: 40 YEARS LATER (BOLDT I & II)

Level 3

Instructional Support Materials

- Causes of Conflict Classroom Based Assessment (CBA)
- Humans and the Environment CBA

Time: 7 to 10 class periods

Teacher Preparation

While there is no recommended CBA for the Contemporary Washington State Unit, Level 1 and Level 2 activities are easily adapted to complete either the "Causes of Conflict" or "Humans and the Environment" classroom based assessments (CBAs). For example, a student could use the "Humans and the Environment" CBA to compare and contrast the roles of sport fishermen and Tribes in salmon preservation. Using the "Causes of Conflict" CBA, students could address the conflict between the U.S. Government, Tribes, and the State of Washington regarding implementation of Boldt and Boldt II in Washington State.
