## Section One Statewide Average Financial Tables and Charts

## Introduction

Section One of this publication contains twelve statewide tables, ten of which display charts, that provide public school district financial data in various formats. Total expenditures refer to all public school districts' and tribal schools general fund expenditures in the state. The student enrollments used to calculate total expenditures per pupil include FTE for regular K-12, skill center summer, detention centers and other state institutions, and special education headcount for birth-to-five programs as reported to OSPI. Detail reports for each school district, by enrollment size and by county, can be found in Section Three.

Per GASB Statement 68, Accounting and Financial Reporting for Pension Plans, the districts proportionate share of the net pension liability reported by the Washington State Department of Retirement Systems is now reported on the Schedule of Long-Term Liabilities.
