Meet Your AWSP Champion

Kamrica Ary-Turner, M.Ed.

Associate Director, Puget Sound (ESD 121) and NW (ESD 189) Regions

- Member of AWSPs Professional Learning team, joining in July 2022
- Former educator, secondary school counselor and administrator (14 years of experience)
- Champion and advocate for the whole child with a passion for justice, diversity, equity, inclusion, and community partnerships

I have worked as a school counselor!!!

Meet Your OSPI Supporters

Maria Muto, M.Ed.

NEW! Program Supervisor, Secondary School Counseling

- Former High School Counselor in five schools across three WA school districts including two ALE schools and trained mentor through the the OSPI/WEA's NAKIA Academy for BIPOC educators.
- Data lover who believes that data not only informs our work, but is also a powerful tool for sharing all the amazing work that school counselors do.
- Just started at OSPI on January 9th, and ready to jump in to support Washington school counselors with 5030 work and advocate for this immensely important work that you do.

Kylie Massey, M.Ed.

NEW! Program Supervisor, Elementary School Counseling

- Former Elementary School Counselor and district-level Counseling Specialist tasked with supporting the building of our district CSCP
- Firm believer that a rising tide lifts all boats, and that a true comprehensive school counseling program can be that tide!
- New to OSPI, but beyond excited and committed to advocating for school counseling and supporting school counselors to do this incredible --and exhausting--work.

Meet Your Presenters

Hatching Results®

Whitney Triplett, M.A., NCC, PPS

Executive Director, Strategy & Development

- Co-founder/co-chair, National School Counseling Leadership Conference
- Co-author, <u>Hatching Results for Secondary School Counseling (2019)</u> & <u>Hatching Tier Two and Three Interventions in Your Elementary SC Program (2019)</u>
- Illinois School Counselor Advocate of the Year, 2018
- Former: district-level K-12 school counseling specialist; state association board member; graduate-level adjunct instructor; high school counselor; RAMP recipient & lead reviewer

Angie Ness, M.S., NCC

Lead Professional Learning Specialist

- 8 years of experience as a former school counselor, K-12
- ASCA RAMP Reviewer
- Indiana School Counselor Association Emerging Leader
- Member of Comprehensive School Counseling and Social-Emotional Learning
 Strategic Priority Teams for Keep Indiana Learning
- Consultant for Comprehensive Counseling Collaborative of Elkhart County

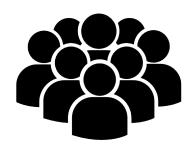

We have both worked as school counselors!!!

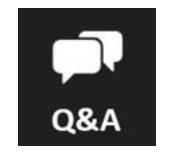

Our Shared Zoom Agreements:)

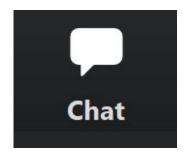

Please use language, tones, and approaches that enrich this learning environment for all :)

USE "Q&A" TO SUBMIT A QUESTION

We will aim to answer as many as possible in the time allotted

USE "CHAT" TO SHARE IDEAS & PRACTICES TO SUPPORT YOUR COLLEAGUES!

Setting the Stage with Purpose & Direction

Objectives

By the end of this webinar, we will be able to:

- Explore ways to thoughtfully consider how the CSCP enables staff to <u>identify students</u> in need of Tier 2 and 3 support, <u>deliver appropriate evidence-based</u> <u>interventions</u>, and <u>evaluate for impact</u> on student outcomes
- Learn strategies to <u>assess our current level of</u> <u>implementation</u> and make plans for continued development of proactive Tier 2 and 3 supports that are assessed and adjusted to <u>maximize effectiveness</u>, in partnership with administrators and other ESAs

We are still in Year 1 - we're just beginning;)

| 2021-2022 | 2022-2023 | 2023-2024 | 2024-2025 | 2025-2026 | 2026-2027 |
|---|---|-----------|-----------|-----------|--|
| "Year 0" | "Year 1" | "Year 2" | "Year 3" | "Year 4" | "Year 5" |
| *SSB 5030 becomes law* School boards required to adopt a "transition plan" | School sites begin implementation Districts begin building district-wide expectations, structures, etc. | | | | ASSESS The Control Con |

Remember: It generally takes 3-5 years to fully implement a CSCP.

Vocab/Abbreviations Cheat Sheet

- ASCA: American School Counselor Association
- AWSP: Association of Washington School Principals
- CSCP: Comprehensive School Counseling Program
- ESA: Educational Service Associates
- ESD: Educational Service Districts
- MTMDSS: Multi-Tiered Multi-Domain System of Supports
- MTSS: Multi-Tiered System of Supports
- OSPI: Office of Superintendent of Public Instruction
- SSB: Substitute Senate Bill
- WSCA: Washington School Counselor Association

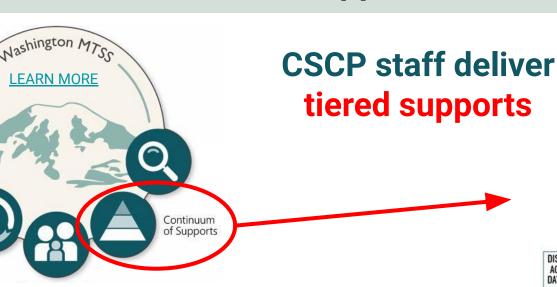

Tips for reaching the students who need us most

Tier 2 CSCP Supports and Strategy

OBJECTIVE: Explore ways to thoughtfully consider how the CSCP enables staff to identify students in need of Tier 2 and 3 support, deliver appropriate evidence-based interventions, and evaluate for impact on student outcomes

CSCPs Support the Schoolwide MTSS

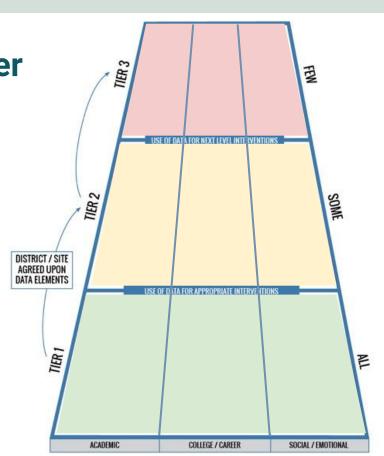

Criterion 3: Planning with Data Criterion 4: Aligning Curriculum

Criterion 5.3: Assists staff in developing required student growth plans and

identifying valid, reliable sources of evidence of effectiveness

Criterion 6.3: Aligning Staff (i.e. master schedule), students needs

Criterion 6.4: Managing fiscal resources (i.e. connecting budget to SIP)

CSCPs Support the Schoolwide MTSS

CSCP staff deliver tiered supports within 3 domains

Criterion 1:Creating Culture

Criterion 2: Ensuring School Safety

Criterion 3: Planning with Data

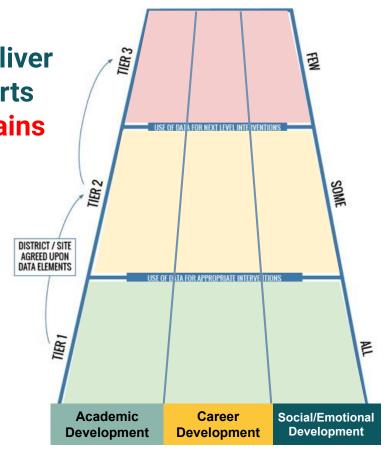

Criterion 4: Aligning Curriculum

Criterion 5.3: Assists staff in developing required student growth plans and

identifying valid, reliable sources of evidence of effectiveness

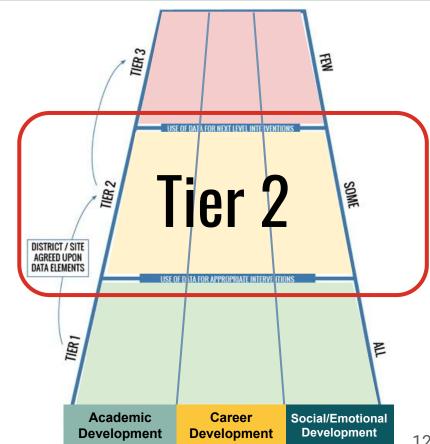

Criterion 6.3: Aligning Staff (i.e. master schedule), students needs

Criterion 6.4: Managing fiscal resources (i.e. connecting budget to SIP)

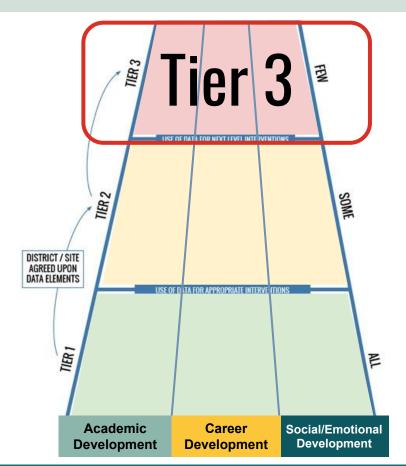

CSCPs Support the <u>Schoolwide MTSS</u>

In addition to ESA staff, who else provides <u>Tier 2</u> supports to students in your school(s)?

CSCPs Support the <u>Schoolwide MTSS</u>

In addition to ESA staff, who else provides <u>Tier 3</u> supports to students in your school(s)?

CSCPs Support the <u>Schoolwide MTSS</u>

Overarching tips for success:

Develop processes and teaming structures that ensure interventions provided by CSCP staff are <u>integrated</u> into the <u>school-wide</u> system of supports (if a schoolwide MTSS doesn't yet exist, begin developing it)

- Identify students in need of support and make decisions about which interventions to provide within the schoolwide Tier 2 team, of which CSCP staff are a part.
- Monitor the progress of students receiving Tier 2 and 3 interventions within the Tier 2 team as well

Note: The CSCP does not need a separate process for intervening with students; this may be an area needing shifts if your CSCP currently has its own separate process. Integration is the goal here.

Each ESD has a MTSS Implementation Coordinator who can provide support to your district;)

Who's on the "Team"

Adults who are coordinating, providing, and/or making decisions about Tier 2 and 3 supports should have representation on this schoolwide team

Examples of staff to consider including:

- **ESA staff** tasked with implementing the CSCP (e.g. school counselors, psychologists, social workers, nurses, & others)
- Mental health counselors
- College access partners (e.g. GEAR Up, TRIO)
- Family engagement coordinators
- ELL staff, SpEd staff, interventionists
- Admins., school safety staff, deans, behavior analysts, & other staff who support behavior
- Student assistance professionals
- Paraprofessionals as appropriate

Remember that SUPPORTS are in tiers, not students 😉

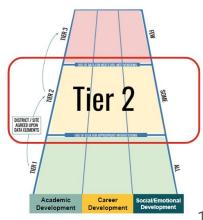

The words we choose to use can empower or disempower

| Rather than saying | Choose to say: |
|--------------------|-------------------|
| "Tier 2 | "Students with |
| students" | a Tier 2 need" |

Types of Tier 2 Student Needs

What are some examples of Tier 2 student needs that you are seeing?

"Buckets" of Tier 2 Student Needs

Deficiencies

VS.

Missed Opportunities

"Closing the Gap"

Student Groups

- Students struggling with attendance / engagement
- Students struggling with appropriate behavior
- Students struggling academically
- Not involved in extracurricular or enrichment opportunities
- Families who haven't logged into their student's grade portal
- Haven't enrolled in rigorous courses
- Haven't completed postsecondary applications and/or financial aid
- Student group is disproportionately represented in school attendance, behavior, or academic data
- Examples: Black and brown students, foster youth, those in transitional living situations, English learners, historically underrepresented/oppressed populations

Check for Understanding Activity

Which bucket?

Students not turning in more than 10% of classwork assignments

Foster youth in the building have dramatically higher truancy rates than their peers

Missed **Opportunities**

- Latinx males are underrepresented in the elementary school's gifted and talented program
- 64 college-eligible seniors haven't yet completed a FAFSA/WASFA

Out of the 36 students flagged for 3 or more behavior referrals, you notice that 27 are black males

Studen

Groups

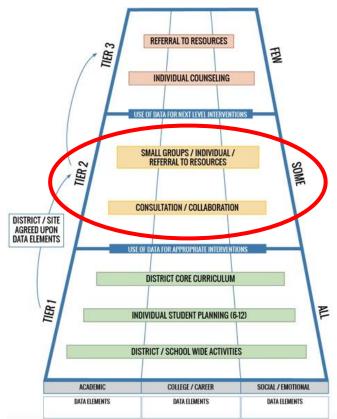

Which Students Deserve Tier 2 Support? (and how do we know?)

Some students need *MORE*

...but WHICH students?????

- Who deserves Tier 2 support from the school counseling program? How do you know?
- Can you justify why certain students receive Tier 2 supports and others who may qualify don't?
 Look at your process/participation data - which students are most/least advantaged by the current Tier 2 school counseling supports? Is it the "squeaky wheel" or those whose data really justifies the support?
- Consider how you might create systems that use attendance/engagement data, behavior data, and other outcome data to "qualify" students for Tier 2...

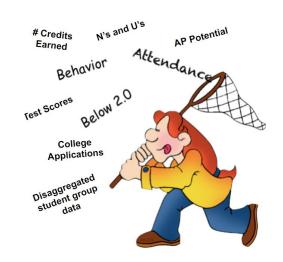

Two ways to identify students for Tier 2:

1. Predetermined data metrics

- Ensures that T2 intervention is aligned to CSCP goals and the school improvement plan
- Helps ensure that students in need don't get missed
- More objective than referrals/less implicit bias
- Helps prioritize practitioner use of time

2. Referrals

- Useful when data doesn't show the need (i.e. when a student is acting differently one day)
- Use with caution high levels of subjectivity, cultural implications, implicit bias often results in over-referrals of certain student groups
- Evaluate your referral data often which student groups are referred most/least? Which staff refer most/least? Are staff following flowchart protocol for referrals?

Whitney's Watchlist (Example)

= School counselor received a referral

Developed at the end of each 5-week grading period

| | | | | = . | | | | | | Grad | es | | | | | | Att | endan | ce | | | | Disci | pline | | | Graduati | on Re | equire | nen | its |

MTMDSS Tier 2

Being data-driven at Tier 2 does *not* mean waiting for data from teacher/parents referrals or student self-referrals.

Rather...

- **Proactively** collect data at **regular intervals** to "qualify" students for Tier 2 supports (i.e. "students with 2 or more F's or Ns/Us each grading period will receive a Tier 2 intervention")
- Align data metrics to the district's strategic priorities, school improvement plan, and CSCP goals

DETERMINING DATA-DRIVEN TIER 2 INTENTIONAL INTERVENTIONS

How do you determine which intentional interventions to deliver? To answer this question, it can be helpful to engage in data-based decision making to determine the targeted data indicator, data element for targeted-intervention, grade level or student group, and time frame/frequency that data will be collected and reviewed to determine which students receive the appropriate intervention.

Tier 2 Intentional Intervention Planning Tool

Examples of SOCIAL/EMOTIONAL Data Elements

Examples of COLLEGE/CAREER Data Elements

Examples of ACADEMIC Data Elements

(absent) U's on work skills/study habits urveys as struggling with perseverance, rk assignments 's on quarterly report card ng" marks on 1st progress report er/trimester/semester report card ts for grade promotion is courses (i.e. Algebra) eport card (ex. 3.5-1.8 in a semester)

Data Elements

Data Elements

ie) after multiple interventions interventions no previous interventions or IEP

e) after multiple interventions

Lack of academic progress after multiple 12 interventions . New student arrives grade levels below with no previous interventions or IEP

. Dramatic drop in students academic work

. Students not meeting the requirements for grade promotion after interventions

. Students who failed to promote from 8th grade but advanced to 9th grade · Freshmen at risk of being off-track

· Credit deficient without opportunity to graduate with their class

 Dramatic drop in student's academic work (ex. 3.5-1.9 in a semester) . Student transfers in with less than 50% credits needed for grade level.

School

Align the CSCP to School and District Priorities

Is **climate and culture** a school priority?

Ensure the CSCP has a SMART goal and action plan around that.

Is improving the **grad rate** a districtwide priority?

Look at your data to identify the student groups who are struggling with credit attainment and create a SMART goal and action plan to support them.

Is your district working to center **antiracist** approaches?

Do the inside work. Identify ways the CSCP has contributed to racist systems and structures. Develop SMART goals to decrease disproportionality in school data.

CSCP Alignment to School Improvement Plans

Elementary School Example

- Notice that CSCPs support all the items listed in the goals
- CSCP collaborate with administrators to determine the most appropriate way the program will align to these goals for the year. Ideas:
 - CSCP Tier 1 instruction
 - Targeted Tier 2 interventions
 - Data to inform decisions
 - Family/community engagement

School Improvement Plan Goals:

- Ensure effective communication with families.
- Implement cohesive academic programs- focusing on continuous improvement of English Language Arts, Mathematics for all students
- Provide Tiered Behavior Intervention Support
- Utilize Trauma Informed Practices to reach all students
- Promote regular school attendance

#4 (c4) Strengthening the school's instructional program based on student needs and ensuring that the instructional program is research-based, rigorous, and aligned with State academic content standards.

#5 (C information in the standards)

#5 (C5) Using data to inform instruction for continuous improvement, by providing time for collaboration on the use of data.

#6 (c6)Providing ongoing mechanisms for family and community engagement.

CSCP Alignment to School Improvement Plans

Middle School Example

- Participate in (or could co-lead!) book study/PD for staff
- Data-driven identification of students based on predetermined criteria (low income, math SBA scores)
- Touch point with counselor "of specific students"

| | Priority #1 | | | | | | |
|--|--|--|--|--|--|--|--|
| Priority Area | Mathematics | | | | | | |
| Focus Area | We will address the opportunity gap | of our low-income students. | | | | | |
| Focus Grade Level(s) | Grades 6-8 | | | | | | |
| Desired Outcome | 62% of low-income students will meet the 2022 Math SBA. | t or exceed standard as measured by | | | | | |
| Alignment with District Strategic Initiatives | | | | | | | |
| Data and Rationale Supporting Focus Area | 42% of 86 low-income students were at standard on the 2019 Math SI found over the past four years these students represent our largest opportunity for growth. | | | | | | |
| Strategy to Address Priority | Action | Measure of Fidelity of Implementation | | | | | |
| • | Book study with staff to support strategies for engaging low-income students. | Adjustments to classroom practice through grading practices. | | | | | |
| | Flex options for review, support, check-ins with specific students. | Track students and use of Flex. | | | | | |
| | Motivational interviewing by counselors of specific students. | Updates through our Students with Potential spreadsheet. | | | | | |
| | Use of ALEKS curriculum. | ALEKS assessments. | | | | | |
| | Formatively assess student progress. | SBA Interim Assessments/Fastbridge | | | | | |
| | Summative assessment of student achievement. | 2022 Math SBA | | | | | |
| Timeline for Focus | Fall, 2019 - Spring, 2022 | | | | | | |
| Method(s) to Monitor Progress | SBA Interim Assessments Fall 2021 Math SBA Spring 2022 Math SBA Fastbridge | | | | | | |

CSCP Alignment to School Improvement Plans

High School Example

SMARTIE Goal:

School-Wide Goal: 80% of 9th grade students will meet or exceed their Individualize Growth Goal as compared to the Fall and Spring ELA MAP assessment.

Student Sub-Group Goal: 80% of 9th grade students designated as Native American will meet their Individualize Growth Goal as compared to the Fall and Spring ELA MAP assessment.

This goal will be achieved through multiple tactics such as Learning Strategies courses, common assessments, PLC planning, and collaboration between general education teachers and special education teachers, counselors, and the Native American interventionist. All these staff will collaborate to place students in appropriate supports such as learning strategies courses, tutoring, and in-class interventions.

- Identify students not yet meeting their IGG and complete a root cause analysis.
 Collaborate with the school-based team to group students with similar root causes and connect them with appropriate interventions.
- Progress monitor and share results with school leadership/community

| Suspensions | 9-12 | All suspension | As they occur - minimum query 1 x week | Synergy: Aeries: | EL | ALL | Stude |

Aim to align your school's Tier 2 "data qualifiers" with other schools across the district or ESD 😉

Imperial County Schools

School Counseling Data Points for Tier 2 Queries

| At Risk | Grade | Data Element | How Often Data | Source Used | | | | |
|-------------------------|-------|--|--|---|--|--|--|--|
| Indicator | Level | Criteria | will be Collected | to Gather Data | | | | |
| Attendance | All | Less than 90% cumulative attendance ("chronically absent") (incl. excused abs.) | Each grading period (Q1, Q2, Q3, Q4 or T1, T2, T3) | Aeries - Aeries Analytics - Chronically Absent Synergy - Report A2A | | | | |
| Behavior | All | 3 or more referrals within the quarter (non-attendance-related infractions) | August (Q4 data), Q1, Q2, Q3 | Aeries - Assertive Discipline Synergy - Query IDS 601 or 401 | | | | |
| Suspensions | ALL | Every student that has been suspended. | Every time a student is suspended (rolling) | Attendance clerk will notify as soon as suspension occurs | | | | |
| Academic Achievement | 4-8 | Below 2.0 (schools that report grades) | Q1, Q2, Q3 | Aeries - Exception Report (less than 2.0) Synergy - | | | | |
| Academic Achievement | TK-5 | 50% or more of the marks on the Quarter report card are 1's or N's in core subjects. | Q1, Q2, Q3 | Aeries - Standards Based Grading Synergy - Teacher Report SST referral program | | | | |
| EL | ALL | Students who are identified as Long-Term English Learners. | August (identify classification) Ensure intervention happens before ELPAC | Get from district office | | | | |
| Student Groups | TK-8 | Foster Youth, EL, SpEd, SST's, Homeless, 504, Socioeconomically Disadvantaged | Beginning of each semester | Get from district office Synergy: Aeries: | | | | |

What is **one metric** you want to begin using to identify students for Tier 2 supports?

Administrators: In partnership with your ESA staff, how might you advocate for better data-capturing systems or time to dig in, if needed?

What are some Tier 2 **College/Career** needs?

Elementary School Level:

There are rarely Tier 2 college/career situations at K-6 with the exception of supports for **special populations** (e.g. EL, BIPOC, historically underrepresented, foster, homeless, students with disabilities, undocumented, first gen)

Middle School Level:

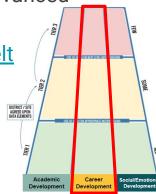

- Special populations
- College Bound Scholarship
- No evidence of HSBP initiation
- Misalignment of HSBP interests and course enrollment choices

High School Level:

- Have AP potential but not enrolled in dual credit
- No ASVAB but military is postsecondary goal
- Eligible for college, but didn't apply
- Not taking World Language but shows 4-year college as goal in HSBP

Scores 4 on SBA but taking no advanced coursework

- Shows early signs of <u>summer melt</u>
- Incomplete Graduation Pathway
- Interested in Apprenticeship
- Special populations

Are there any questions so far?

What's the Magic Tier 2 Intervention?

The intervention that directly aligns with the student need!

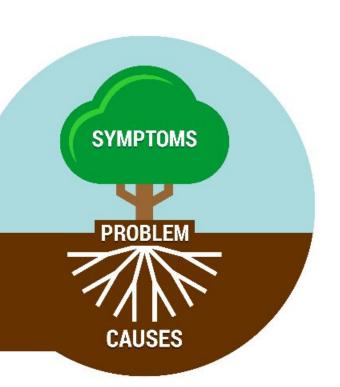

Common Pitfall...

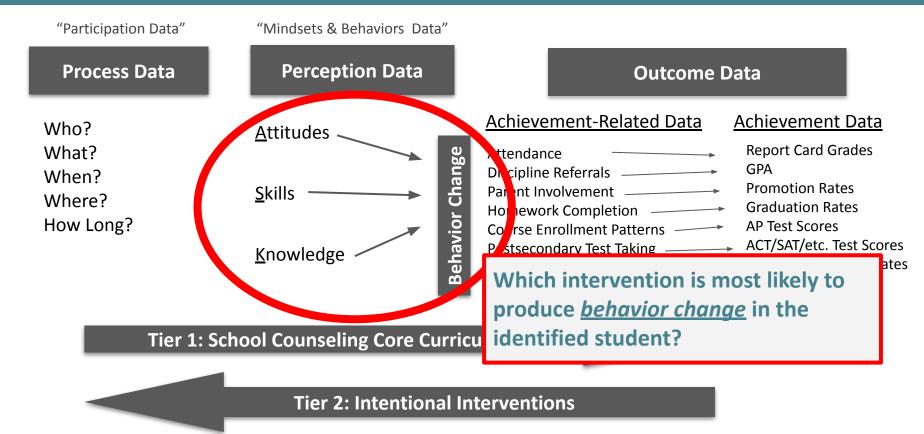

Giving the same intervention to all identified students without attention to the "root cause" of the problem

Why might this be a pitfall??

"Root Cause" = The most basic, underlying reason for the presence of a specific result.

Hatching Results Conceptual Diagram ~ Use of Data

Example: Root Causes of Absences

OSPIs Attendance Resources
Root Causes Worksheet for Attendance

- from www.attendanceworks.org

Barriers

- · Chronic and acute illness
- Family responsibilities or home situation
- Trauma
- Poor transportation
- Housing and food insecurity
- Inequitable access to needed services
- System involvement
- Lack of predictable schedules for learning
- Lack of access to tech

Aversion

- Struggling academically and/or behaviorally
- Unwelcoming school climate
- Social and peer challenges
- Anxiety
- Biased disciplinary and suspension practices
- Undiagnosed disability and/or disability accommodations
- Parents had negative educational experiences

Disengagement

- Lack of challenging, culturally responsive instruction
- Bored
- No meaningful relationships to adults in the school (especially given staff shortages)
- Lack of enrichment opportunities
- al ack of academic and

Misconceptions

- Absences are only a problem if they are unexcused
- Missing 2 days per month doesn't affect learning
- Lose track and underestimate TOTAL absences
- Sporadic absences
 aren't a problem

Can you think of one intervention that would address all of these root causes? ... me neither

Example: How the Root Cause Informs the Intervention

Targeted students = Those struggling academically after the progress report

| Root Causes Identified by Team | Examples of Assigned Interventions |
|--|--|
| Struggling due to missing work. Desire to improve grades but unsure how to get everything in on time. | Touch base with family Group workshop on executive functioning (the power of a zero, how to check for missing assignments, time management strategies, use of planner) |
| | |
| | |

Types of Tier 2 <u>CSCP-Based</u> Supports

Counseling Programs

Academic Achievement Support

- Large group workshops
- Check In Check Out
- Post-discipline/suspension counseling/re-engagement meetings
- Restorative justice/conflict mediation
- Small groups
- Individual counseling (<u>short-term</u>, solution-focused)
- Consultation/Collaboration
- Teacher and student support in the classroom
- Teacher/staff education
- Family support/education
- Referrals to in-school resources

Tier 2 or 3?

- → Nature of or reason for referral
- → Level of urgency

Indirect Services

More Specific Examples of Tier 2 School Counseling Supports by Domain

| Academic | College/Career | Social/Emotional | Equity-Focused |
|--|--|---|---|
| Grade report check-ins, problem-solving, and goal-setting groups (e.g. <u>Tiger Talks Intervention</u>; <u>MS GPA Tracker Project</u>) Check In/Check Out Credit check interventions <u>Attendance interventions</u> Academic tools for success: organization, planning, time management, study skills, test-taking strategies, etc. | Posse/cohorted career pathway or scholarship groups Enrollment in advanced coursework for eligible MS/HS students FAFSA/WASFA workshops for special pops [Financial Aid Advising Day] Reach out to students who haven't kept up with their HSBP or completed a Graduation Pathway Military Academy/ROTC app. support Yes, I CAN go to College [special pops] College app. support for those without 1 match, 1 reach, 1 safety school app. Scholarship app. support groups College Bound Scholarship family nite | Specific behavior skill groups for those showing need Healthy relationships for those showing need Groups provided by community agencies Check In/Check Out Coping workshops B.I.O.N.I.C | Groups or interventions focused on supporting historically oppressed, underserved, or marginalized populations (e.g. Foster youth support, LGBTQ/ally groups, SpEd Talks, EL learner talks, empowerment groups) |

Where can I find interventions & Tier 2 curriculum?

- EBP Resource Center SAMHSA
- CSCORE EBP Resources for School Counselors
- What Works Clearinghouse
- Attendanceworks.com
- CASEL Program Guides
- Fixschooldiscipline.org
- Interventioncentral.org

Don't Reinvent the Wheel!

Sample Curriculum Materials:

- AWSL Communication Guidebook
- OSPIs Tier II/III Attendance Resources
- SEL Curriculum Grant FAQ Session
 Jan. 24th @ 3:30pm
- Career Guidance WA
- Character Strong
- Study Skills Curriculum
- Missouri Curriculum (multidomain)
- Breaking the Girl /Boy Code
- Why Try (experiential activities)
- SuperFlex Social Thinking
- Mindup Curriculum
- Zones of Regulation
- Second Step
- Boystown Social Skills
- Sanford Harmony
- Hunter and His Amazing Remote Control

Pre/Post Instruments to Assess Common SEL Challenges

- Hope (see appendix for 6-item scale; p. 418-419) (<u>Hope Google Form</u>)
- <u>Isolation</u> (see Table 1; p. 23) (<u>Isolation Google Form</u>)
- School Belonging: (Option 1: <u>Google Form | Scoring Reference Sheet</u>) & (Option 2: <u>Google Form | Paper Version</u>)
- CASEL SEL Assessment Guide
- Mental Health, Social-Emotional, and Behavioral Screening instruments
- Protective Factors Index for K-5: <u>Instrument</u> and <u>Teacher Manual</u>
- Anxiety Assessment Scale
- <u>Student Risk Screening Scale (SRSS-IE)</u> to measure internalizing and externalizing behaviors

How do we maximize student outcomes from Tier 2 supports?

Cycle of Tier 2 Implementation

Determine next steps and share the results! Analyze your data to identify needs and gaps

Write SMART goals

Analyze
pre/post and
outcome data to
determine how
you can
improve

Adapted by Whitney Triplett (2019) and Becky Love (2022) from the ASCA Implementation Guide, 1st Ed., p. 24

Deliver the interventions and pre/post tests

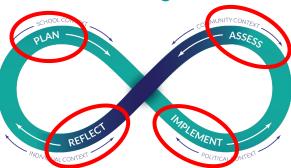

Write
lesson plans
for the
interventions
and plan for
logistics

Develop a pre/post test to measure student learning

Select standards and write measurable objectives Determine the root cause of students' struggles

Select interventions that match the root causes

AWSP's School Leader Paradigm

PDSA is commonly attributed to W. Edwards Deming

Extension Activity!

Determine next steps and share the results! Analyze your data to identify needs and gaps

Write SMART goals

Analyze
pre/post and
outcome data to
determine how
you can
improve

Deliver the

interventions

and pre/post

tests

Student-Centered, Data-Informed Decision-Making Cycle

Adapted by Whitney Triplett (2019) and Becky Love (2022) from the ASCA Implementation Guide, 1st Ed., p. 24

Write
lesson plans
for the
interventions
and plan for
logistics

Develop a pre/post test to measure student learning Select standards and write measurable objectives Determine the root cause of students' struggles

Select interventions that match the root causes

Reflect or discuss as a team:

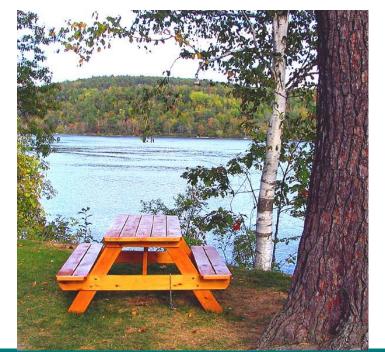

- What parts of this cycle are we doing well?
- What could we do better?
- What do we need help with?
- How can we hold ourselves accountable for sticking with this cycle in our teamwork?

...but sometimes the root cause isn't a "kid issue"

but a **systems issue**

"Babies in the River"

Story sometimes attributed to Saul Alinsky, but likely adapted from a story by Irving Zola. Later adapted for school counseling by Dr. Pat Martin and then Dr. Trish Hatch:)

When the root cause isn't a "kid issue" but a systems issue

Babies in the River Story

Reflect on our current practice:

- → Do we spend 90% of our time with 10% of our students?
- → Do we spend our days "rescuing babies" (i.e. serving the only the students in crisis)?

Or...

- → Do we go upstream to prevent babies from getting into the river? (i.e. prevention education and systems change)?
- → Do we serve ALL students, as our professional standards require?

A systems approach is powerful

Let's Rethink the "Starfish Mentality"

Are we going to try to serve one kid at a time?

OR

Are we gonna create SYSTEMS that serve them ALL?

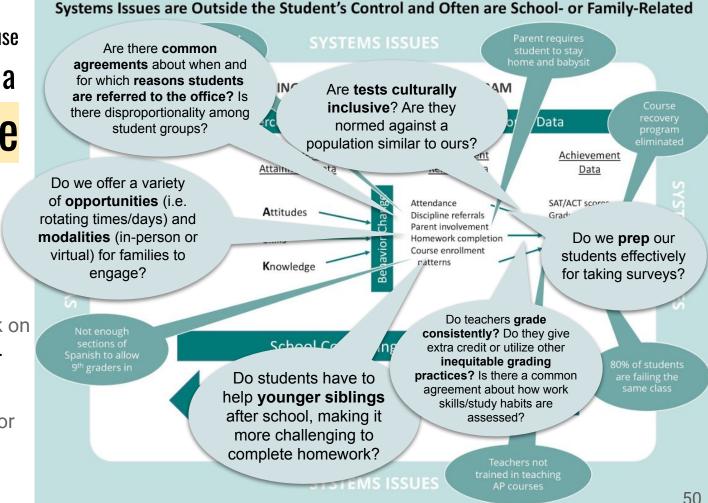

(quote adapted from The Make or Break Year, 2019)

Examples of when the root cause isn't a kid issue but a systems issue

All too often, we still try and "fix" the student.

For a more **equitable** and **impactful** approach, work on **fixing the broken system**.

This is an opportunity for CSCP staff & administrator partnership!

Use of Data in School Counseling, 2e

Systems Issues Often Show Up in School Data

| Teacher | Be Respectful | Be Responsible | Be Safe |
|------------|---------------|----------------|---------|
| Teacher 1 | 0 | 0 | 0 |
| Teacher 2 | 0 | 0 | 0 |
| Teacher 3 | 0 | 0 | 1 |
| Teacher 4 | 0 | 0 | 0 |
| Teacher 5 | 2 | 0 | 3 |
| Teacher 6 | 0 | 0 | 0 |
| Teacher 7 | 1 | 3 | 0 |
| Teacher 8 | 0 | 0 | 0 |
| Teacher 9 | 1 | 3 | 1 |
| Teacher 10 | 1 | 4 | 0 |
| Teacher 11 | 2 | 2 | 2 |
| Teacher 12 | 0 | 3 | 0 |
| Teacher 13 | 2 | 2 | 2 |
| Teacher 14 | 3 | 7 | 3 |
| Teacher 15 | 1 | 7 | 1 |
| Teacher 16 | 1 | 2 | 0 |
| Teacher 17 | 3 | 3 | 2 |
| Teacher 18 | 9 | 9 | 12 |
| Teacher 19 | 1 | 13 | 0 |
| Teacher 20 | 2 | 8 | 0 |
| Teacher 21 | 2 | 10 | 2 |
| Teacher 22 | 3 | 8 | 0 |

...are we looking?

PERCENT OF 11TH GRADE STUDENTS IN OUSD REPORTING THAT THEY AGREE OR STRONGLY

AGREE with the following statements before and after reforming discipline policies:

| INDICATOR | 2009-10 | 2017-18 |
|--|---------|---------|
| I feel close to people in this school. | 47% | 53% |
| I am happy to be at this school. | 47% | 48% |
| I feel like I am part of this school. | 44% | 48% |
| Teachers at this school treat students fairly. | 39% | 50% |
| I feel safe in my school. | 30% | 51% |

Source: Ed Trust calculated these percentages by adding together the percentages of 11th grade students who responded "Agree" or "Strongly Agree" to these items from Oakland Unified's 2009–10 and 2017–18 results from the California Healthy Kids Survey.

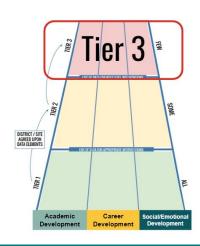

In cases such as these, CSCP staff collaborate with administrators and others to fix the system

Let's check in! What question do you have?

Tier 3 CSCP Strategy

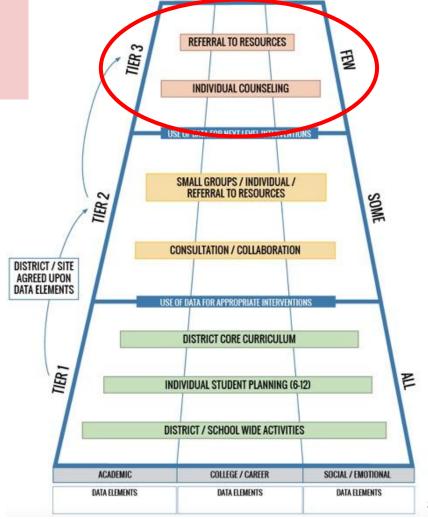

MTMDSS Tier 3

Intensified, short-term (4-6 weeks) support for few students (5-10%)

May be appropriate for students who:

- Continue to lack progress and exhibit barriers to learning after receiving Tier 2 interventions
- Experience a **crisis**
- **Transfer** to the school with **data** that position them as having a high need for Tier 3
- Are not appropriate for group counseling or other short term crisis response
- Need **referrals** to outside resources

Tier 3 Requires a High Level of Adult Collaboration

- In Tier 3, school counselors should mostly provide indirect services as supporters through consultation, collaboration, and facilitation of referrals as part of the MTSS/CSCP team (Goodman-Scott, et al., 2020; ASCA, 2021)
- Remember Tier 3 exists for <u>all three domains</u> and <u>all three buckets of student needs</u>

Resources:

- Ethics (actual codes)
- Position statements

Note: School counselors refer out when students are in need of <u>therapy</u> - they may not provide therapy in schools. Other ESAs might be better positioned or trained to support this work.

Tips for Strengthening Tier 3 Systems in Schools

- Staff who provide Tier 3 supports <u>meet regularly and frequently</u> (weekly or bi-weekly) to collectively monitor the progress of students, enter/exit students, and consult on next steps. <u>Agendas</u> and <u>norms</u> are used to prevent devolvement into "complaining sessions."
- All 3 domains are considered and addressed (academic, social/emotional, career)
- <u>Team makes decisions</u> about interventions and supports, rather than one individual
- <u>Team drafts, updates, and trains school staff</u> on processes, procedures, flowcharts of Tier 3 actions, etc.
- Team <u>self-monitors</u> for efficiency, effectiveness, and the degree to which interventionists are <u>operating within their appropriate "lanes"</u>)
- Access and advocate for use of community-based/telehealth support as needed
- Partner with your district, nearby districts and/or regional ESD for support!

Tier 2 Examples (K-12)

| DIRECT Support: Small groups, large group workshops, post-suspension support, restorative justice, mediation, Check In Check Out | Academic Skills Group (2+ Ns or Us) Check In Check Out (2+ F's) Hope Rising (1-3 F's) Calendar It (6+ missing assignments) Screening for small group Just Do It (5-10 credits off track for graduation) | FAFSA/WASFA/College Bound Scholarship Family Nite for 5th grade parents Meet with students who are behind on their HSBP activities or haven't completed a Graduation Pathway Extra course selection support for MS students who haven't met standard on the SBA | Post Suspension Conf. (each suspension) Responsible Decision Making Small Group (2+ behavior referrals) One Day + Another (SARB attendance metrics) |
|--|--|---|---|
| NDIRECT Support: Systems change initiatives, consultation, collaboration, staff education, T2 referrals to in-school resources | Referral to in-school tutoring Consultation with admin about changing AP enrollment process to be more inclusive | Creation of a MS virtual career center via Bitmoji Train teachers/paras to use data in online HSBP platform and workforce data to connect students to CCR opportunities Support PTO and community to host 5th Grade Career Fair | Development of a virtual calming room Collaboration with social worker and psych to assess and streamline Tier 2 referral process Resources consult with Behavioral Health Navigator at ESD |
| | ACADEMIC | COLLEGE/CAREER | SOCIAL/EMOTIONAL |

Tier 3 Examples (K-12)

| T I E R | Crisis supports, T3 referrals to outside resources, other intensified supports | Enrollment counseling for transfer-in students with very few credits In-person home visits (when appropriate and allowed) or virtual home visits Referral to Open Doors program for dropout prevention support Provide parent info on requesting their student be evaluated for IEP | Short term counseling and advisement for seniors with rescinded college admission Help seniors fix errors or need for verification on the FAFSA/WASFA Support for seniors exhibiting signs of summer melt Support for seniors with no postsecondary plan | Short term counseling and/or crisis response for students with an emergent need Referrals to mental health, student assistance program or other community agencies |
|---------|--|--|---|---|
| | | ACADEMIC | COLLEGE/CAREER | SOCIAL/EMOTIONAL |

Let's self-assess!

Current Tier 2 & 3 Implementation

OBJECTIVE: Learn strategies to assess our current level of implementation and make plans for continued development of proactive Tier 2 and 3 supports that are assessed and adjusted to maximize effectiveness, in partnership with administrators and other ESAs

Activity: School Counseling Program Assessment

Pull out the worksheet you started last time!

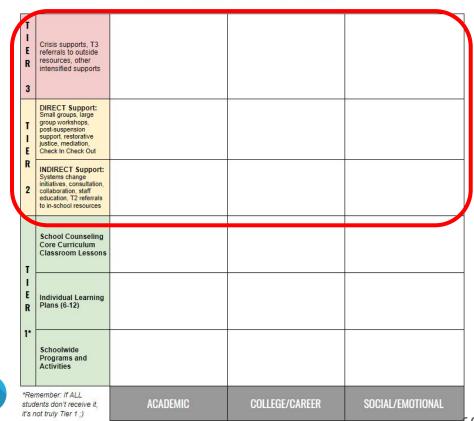

-OR-

If you missed last time, just click the pic for a blank copy! :)

School Counseling Program Assessment Worksheet

Multi-Tiered, Multi-Domain System of Supports

Extension Activity Options

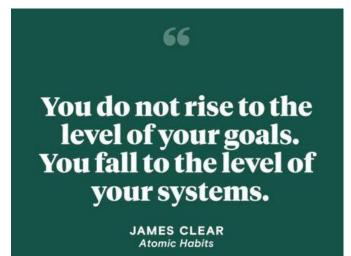

| Activity | | Recommended for teams that | |
|----------|--|---|--|
| 1. | Convene a meeting of CSCP staff and your supervising administrator. Debrief this webinar, sharing any ah-ha's and recommendations you have for strengthening your Tier 1 program. Engage each other as partners in this work. | attended today's webinar! :) | |
| 2. | CSCP MTMDSS Assessment | need to assess their current level of MTMDSS Tier 2 and 3 implementation. | |
| 3. | Practice implementing a Tier 2 intervention following the student-centered, data-driven decision-making cycle | want to implement an intervention with fidelity | |

Remember:

"Every system is perfectly designed for the results it gets"

...If your program isn't seeing measurable results, what part of the system needs to change?

What's Available to Help You?

Resources & Supports

All Available 5030 Resources

(previous webinars, templates, registration info, etc.)

Online Mini-Modules

(mostly 5-10 min. videos with discussion questions)

https://bit.ly/OSPI5030 (case sensitive)
