| <input checked="" type="checkbox"/> Healthy relationships |   |
| <input type="checkbox"/> HIV Prevention                   |   |

## **Reviewer Comments:**

### Reviewer 201

Where We Live

Is not designed for use in the classroom. It is a primary prevention education package for parents. There is an extensive manual for educating parents/caregivers

### Reviewer 105

Great curriculum! I love the concept that it is the adult's responsibility to stop child abuse...not the child's. I also love the community-based model and data showed that parents did too.
