RETIREMENT OF PPICS

21st CCLC/PPICS UPDATE | 9/25/14
Retirement of PPICS

The 21st CCLC Profile and Performance Information Collection System will shut down on Friday, October 10, 2014 at 5:00 PM Eastern.
Retirement of PPICS:

On June 13, 2014, ED shared:

- The deadlines would not change
- Method for submitting data WILL change after 10/10/14
- We recommended submitting data sooner than the original scheduled deadlines, to the extent feasible.
Retirement of PPICS:

On June 13, 2014, ED strongly recommended that:

- “upload” States submit data prior to 10/10/14, to the extent feasible;
- all States meet the original scheduled deadlines that occur prior to 10/10/14;
Retirement of PPICS:

On June 13, 2014, ED strongly recommended that:

- submit as much data as possible for those APR sections that are officially due in November and December 2014.
  - New Grantee Profile record files and associated data for awards made through June 2014
  - Competition Overview module updates for competitions held through June 2014
  - State certification
  - State Activities module update
Retirement of PPICS:

On June 13, 2014, ED strongly recommended that:

- Before or by October 10, 2014, for States that need PPICS versions of historical data (PPICS-generated reports) for their own purposes, should download and/or print these data.

- The date by which historical information will become available after PPICS retirement has yet to be determined.
UPDATES to PPICS Close-out

PPICS will be closed on October 10, 2014, at 5:00pm Eastern Time.
UPDATES to PPICS Close-out

After 5:00pm ET on October 10th:

Generally, it will not be possible for states to access their 21st CCLC data previously entered in PPICS.

Exception: States that chose the “Upload” method for reporting APR 2014 data.
UPDATES to PPICS Close-out

After 5:00pm ET on October 10th:

Sub-grantees will not be able to access PPICS pages after PPICS is closed.
UPDATES to PPICS Close-out

After 5:00pm ET on October 10th:

The PPICS Help Desk will be offline (email and phone).
UPDATES to PPICS Close-out

Between October 10th and (approximately) October 20th, Matt Vinson and Nicole Adams will continue to work directly with states that chose to upload APR 2014 data.

More instruction will be sent directly to states that have chosen to upload data. Expect an email within the next week.
UPDATES to PPICS Close-out

For states uploading data, earlier is better.
UPDATES to PPICS Close-out

If any of your state’s *uploaded files* are not reviewed, approved, and uploaded into the PPICS database prior to file transfer to the new contractor, they will be transferred in raw format to the new contractor with notes concerning their status.
How do I get my data?

- States interested in archiving data should visit the PPICS Reports page and/or the PPICS Export Data page prior to October 10.

- All Competition, State Activities, Grantee Profile, and APR data are available for download as individual spreadsheets.

- States that download data from the Export Data page should download the Data Element Capture Lists (DECLs). It may also be useful to download the APR Validation guide.
Retirement of PPICS: Closeout Updates

Before 5:00pm on October 10th:

- Finish ALL work that must be done via the PPICS interface
- Archive your data (Excel or csv format)
- Download all supporting documents from PPICS (PDF and/or Word)
- Download any PPICS reports (PDF)
- Clarify any questions regarding your data or how to interpret your data

RETIREMENT OF PPICS: FREQUENTLY ASKED QUESTIONS
Retirement: Frequently Asked Questions

Will we be able to access archived PPICS data after the system closes?

Yes, but not immediately, and the method by which this data may be accessed is not yet determined. We strongly encourage states to download any relevant reports and other historical data prior to the October 10 closing of PPICS. [6/13/14, Slide 23]
Retirement: Frequently Asked Questions

When will we know the data elements for 2014-15?
Data elements are not expected to change in 2014-15.

Is there another database that will take PPICS place?
There will be another data collection method established. The scope and nature of this new method is to be determined. [6/13/14, Slide 30]

How do I indicate my interest to participate in working sessions around a new data reporting method?
Send an email indicating your interest to 21stCCLC_APR@TheTactileGroup.com
Retirement: Frequently Asked Questions

I believe PPICS instructs us to only enter competition and award information for awards that occurred prior to March 2014 not June 2014. Should we enter competition/ward/grantee info for a competition that didn't conclude until May 2014 and whose funds aren't distributed until after July 2014?

To the extent possible, submit as much data as possible for those APR data sections that are officially due in November and December 2014. [6/13/14, Slide 22]
DATA COLLECTION TRANSITION
Data Collection: 2014-15 Data

- While the data collection system is being redesigned, the data to be collected for the **2014-15 school year** will be the **same data that you already collect and report**.

- We will collect input and feedback from SEAs and grantees that will inform the design of the new data collection system.
Transition: Development Plan

- 2014-15 school year will be the same data that you already collect and report
