CNS FYI: OSPI is Releasing a Redesigned Website!

Over the past year, we completely redesigned our website to make it more user-friendly and accessible for individuals with disabilities as well as for users on mobile phones and tablets. **Our new site launches Monday, July 1!**

Parents, families, educators, district administrators, and members of our communities statewide helped in the redesign and structure of the new site.

**Website Content – Now in Six Categories:**

1. **Student Success** (contains information about graduation, learning standards and materials, special education, health and safety, support programs, and more).
2. **Certification** (contains information about certification requirements, National Board Certification, fingerprint and background check requirements, and more).
3. **Educator Support** (contains information about mentoring and supporting beginning teachers, the Teacher/Principal Evaluation Program, educator awards, and more).
4. **Policy & Funding** (contains information about school apportionment, special education funding, legislative priorities, grants, school facilities funding, **Child Nutrition Services**, and more).
5. **Data & Reporting** (contains information about the School Report Card, logging into the Education Data System, data sharing with OSPI, and more).
6. **About OSPI** (contains information about the superintendent and the agency, contacting OSPI, news releases, and more).

You can still find us at [www.k12.wa.us](http://www.k12.wa.us). All links to our pages will redirect to the correct link on the new site unless the webpage or document has been removed. Please check any links you use to ensure they still work on or after July 1.

**Questions or feedback about the new website?** Please fill out the [Ask OSPI form](http://www.k12.wa.us).
