PURPOSE/BACKGROUND

Washington Administrative Code (WAC) 392-144-160 requires school districts to annually evaluate each authorized driver for continuing compliance with the provisions of chapter 392-144 no later than the last business day of October.

Each school district must verify each authorized driver continues to meet the requirements in WAC 392-144-102, including the physical requirements of WAC 392-144-102(5)(a)–(d) as well as verify each authorized driver has provided a disclosure in writing, signed and sworn under penalty of perjury, which updates the disclosure required by WAC 392-144-102(4). A sample school bus driver’s annual disclosure form (revised 7/2018) is available online at School Bus Forms. The evaluation must also ensure each authorized driver has not violated the disqualifying conditions listed in WAC 392-144-103.

In addition, school districts are required to review and update the School Bus Drivers’ Online Database in the Education Data System (EDS) to validate the accuracy of their school bus drivers’ records.

An authorized school bus driver instructor is required to provide this year’s annual in-service training to your authorized school bus drivers by October 31, 2018, and the current in-service date needs to be reflected on the School Bus Driver’s Online Database.

The annual School Bus Driver Compliance Report is submitted electronically to the Office of Superintendent of Public Instruction (OSPI) Student Transportation Department using the School Bus Drivers’ Online Database.

An individual with access to the Online Database will need to log into the School Driver Certification Application and select the link titled, Annual School Bus Driver Compliance Report (2nd link from the bottom).
This site will require you to check off the boxes indicating you have ensured compliance with the items listed. When you have completed the report, please fill in your district's name, your first and last name, your email address and click on the “Submit” button. If you want a copy of the report submitted to OSPI for your files, click on the “Print Compliance Report” button at the bottom of this page.

An email will be sent to Student Transportation. The email will inform the Student Transportation office you have certified your school bus drivers are in compliance with the minimum requirements of chapter 392-144 WAC and your bus driver website is up to date.

Instructions on how to navigate through the School Bus Driver's Online Database is available by clicking on the last link titled, Online Instructions.
