FROM: Chris Reykdal, Superintendent of Public Instruction

RE: Student Transportation Key Performance Indicators

CONTACT: Patti Enbody, Director

PURPOSE/BACKGROUND

In association with the Student Transportation Allocation Reporting System (STARS) efficiency rating system, the Office of Superintendent of Public Instruction (OSPI) and the Regional Transportation Coordinators have developed a limited number of key performance indicators (KPI). A Key Performance Indicators Technical Assistance Paper (TAP) customized for each school district is available on OSPI's [STARS](#) website.

As with the STARS Efficiency Ratings, the KPIs do not provide an absolute measurement of efficiency, since different districts have different demographic and geographic constraints. However, the values of the district's KPI reviewed on a year to year basis can be helpful in a self-evaluation of the district's transportation operations.

For assistance with understanding your district's KPI, please contact your Regional Transportation Coordinator. Their contact information is on page 2.
