PURPOSE
This bulletin provides instructions for claiming the annual state salary bonus for teachers who have attained national board certification from the National Board for Professional Teaching Standards (NBPTS). Districts with eligible teachers should include NBCTs in their S-275 data.

BACKGROUND
In 2007, the Governor initiated and the Legislature funded a $5,000 bonus for National Board Certified Teachers (NBCTs). To encourage NBCTs to teach in high poverty schools, policy makers enacted a second $5,000 bonus for NBCTs who teach in high poverty schools. The School Apportionment and Financial Services webpage has the current listing of the schools eligible for the (challenging) high poverty school bonus.

For the 2021–22 school year, high poverty schools are defined below using the October 1st, 2020, free and reduced-price lunch (FRPL) percentages, reported through the Comprehensive Education Data and Research System (CEDARS):

- Elementary schools with at least 70 percent FRPL
- Middle schools with at least 60 percent FRPL
- High schools with at least 50 percent FRPL
Schools participating in the Community Eligibility Provision (CEP) or Provision 2 may be designated as (challenging) high poverty schools if the school was a (challenging) high poverty school based on FRPL percentage in either of the two school years immediately prior to participation in CEP.

OSPI is filing an emergency amendment to WAC 392-140-973 that will allow schools designated as high poverty per the October 1st, 2019 FRPL percentages, used in the 2020–21 school year, to carry these FRPL percentages into 2021–22. This rule only affects schools that are not already designated as high poverty per the October 1, 2020 FRPL percentages. This rule will tentatively be filed on May 3rd and become effective for 120 days.

See the Washington State Legislature website for the legislative language, codified as RCW 28A.405.415, administrative rules governing the bonus process, codified as WAC 392-140-970 through 975, and the provisions in the 2020 state supplemental operating budget, ESSB 6168, section 513(2) (starting on page 427).

ELIGIBILITY

Teachers who hold a valid certificate from the National Board during the entire 2021–22 school year will receive an annual bonus of $5,705 to be paid in a lump sum amount. Teachers in qualifying high poverty schools will receive an additional bonus up to $5,000. This additional bonus is based on the teacher’s percentage of time spent at the qualifying high poverty school. WAC 392-140-973(3) provides additional guidance on eligibility criteria.

Teachers who attain a valid certificate from the National Board during the 2021–22 school year will receive sixty percent of the annual bonus of $5,705 for a total of $3,423 to be paid in a lump sum amount. Teachers in qualifying high poverty schools will receive sixty percent of the additional bonus of $5,000 for a total of up to $3,000.

NBCTs employed by Educational Service Districts (ESDs) are eligible for the bonus if they meet all of the eligibility requirements provided under WAC 392-140-973. Principals and vice principals who hold a valid certificate from the National Board are not eligible to receive a bonus.

APPEALS

Districts wishing to appeal a school’s eligibility designation for the high poverty schools bonus must be able to provide evidence that the FRPM percentage in CEDARS is inaccurate and must correct the CEDARS October 1st, 2020 data, used to identify high poverty schools, by April 15th. In addition, school district appeals must be received by the Office of Superintendent of Public Instruction (OSPI) by April 15th.
Final determination of appeals will be made by May 15th. OSPI will not consider appeals from individuals or individual schools.

**Appeal Submission**

**Districts wishing to submit an appeal** on a school designation as a “high poverty school” shall send their written appeal by **April 15th**, to:

Michelle Matakas, Director  
School Apportionment and Financial Services Office of Superintendent of Public Instruction  
Old Capitol Building  
PO Box 47200  
Olympia, WA 98504-7200

**BONUS ADMINISTRATION/APPORTIONMENT**

Bonus(es) should be administered as follows:

Districts who have teachers eligible for the bonus, or who become eligible during the 2020–21 school year, are required to add a valid National Board expiration date to the S-275 for each eligible employee no later than **March 31st**. Please refer to OSPI Bulletin B079-21 for S-275 reporting instructions.

Upon receipt of the completed S-275 download, OSPI will generate a list of staff members identified as eligible per the S-275. The School Apportionment and Financial Services office will provide this list to districts once per month in April, May, and June to review for accuracy. For any National Board teacher hired after October 1st, and not reported on the S-275, or with a change in assignment, please send an email with the applicable information to Ross Bunda (ross.bunda@k12.wa.us). A final list of all bonus payments by staff member will be provided in July.

OSPI will provide to the district up to $5,705 for the salary bonus and $1,259.09 (22.07 percent of salary) for the district’s portion of mandatory benefits (6.2 percent for Social Security, 1.45 percent for Medicare, and 14.42 percent for Teacher Retirement System) for each eligible employee. For eligible employees who qualify under the “high poverty school” section of WAC 392-140-973(3), OSPI will provide the district up to an additional $5,000 and $1,103.50 (22.07 percent of salary) depending on the full-time equivalent (FTE) of that qualifying teacher.

Legislation requires OSPI to pro-rate the “high poverty school” bonus for part-time teachers.
OSPI shall pay bonuses to school districts in the July 2022 apportionment, shown in revenue account 415803 CERT BONUS on Report 1197, Statement of Apportionment. First year NBCTs receiving the upfront conditional loan will have the $1,425 taken out of their first bonus check upon certification.

The district shall pay the bonus(es) to the employee in a lump sum amount on a supplemental contract pursuant to RCW 28A.400.200. The actual lump sum payment to teachers will be less than the full bonus amount as it is subject to personal payroll deductions for federal withholding tax, FICA, pension contributions, etc. The district is required to process deductions on the initial entire amount of the bonus, regardless if an NBCT is repaying a conditional loan to the state. Districts are required to make all payments to eligible NBCTs no later than August 31st.
