Your Washington State PBS Member Stations Support You!

PBS member stations throughout Washington are partnering with OSPI to support educators as they embark on a new journey of providing distance learning for students.

As we all understand the importance of equity in education, especially during this time, please note that in addition to our regularly scheduled educational programming available on broadcast, we are now partnering with the WORLD Channel to broadcast content for grades 6-12 from 9 am to 2 pm weekdays starting Monday, March 30.

Thank you for all that you do for the students in Washington, and please know that we are here for you.
