CNS Update: Community Eligibility Provision SY 19-20 Application Deadline

The application deadline for Community Eligibility Provision (CEP) participation for school year 2019-20 is fast-approaching!

Submit your applications by June 30, 2019.

This deadline is for local education agencies (LEAs):

- That have expiring CEP programs and want to participate for another four years.
- That are applying to participate for the first time.
- That are adding schools, changing groupings, or increasing claiming percentages.

You can find application materials on the Child Nutrition Services (CNS) CEP webpage. In order to apply, LEAs must complete the CEP Application Workbook, and a CEP Local Education Agency Agreement.

Once you are finished, send the completed documents to submitdocs.NSLP@k12.wa.us and copy your program specialist to the email.

We will contact LEAs during the summer months for additional documentation to validate the application workbook. CNS will provide approval to operate CEP once the validation process is complete and before the start of the 19-20 school year.

Questions? Please contact your program specialist.
