The WA School Improvement Framework includes each student group individually, creating a holistic vision of a school through two lenses: the performance of the all students group and that of their student group populations.

### How are your schools measured?

### Measures Combine into Overall Score

Each indicator noted above is mapped to a 1-10 score. These scores are combined based on the grade span of the school, creating the Framework.

The lowest performing 5% of school scores establish a support threshold - any school under the threshold will be identified for comprehensive support, and any school with a student group under the threshold will be identified for targeted support.

### Student Privacy - Minimum Number

- **Year 1**: No one student can be identified. For the Framework, the minimum number of students is 20 students over three years.

### New Definitions

- **English Learner Progress**: % of students making adequate progress to transition out of program within six years.
- **Regular Attendance**: % of students attending 90% or more school days.
- **9th Graders On Track**: % of first time 9th graders who earned all credits attempted.

### Coming Updates!

- High School ELA and Math Assessments will be moving from 11th grade to 10th grade in 2018.
- Science will be included after the new Washington Comprehensive Assessment of Science test has been given.
