

## **Students with Disabilities Questions on the Healthy Youth Survey**

**Please read:** As a reminder, the Healthy Youth Survey (HYS), is anonymous and voluntary. Demographic information reported on the survey is reported by the student directly.

There is no way to connect a survey with a specific student or to match demographic or other information reported on a specific survey with specific demographic information collected by the school district for that student.

---

Number of question as listed in the “Frequency Reports” for the 2018 HYS results:

<https://www.askhys.net/Reports>

\*\*\* “grades 8-12” means that those questions were only asked to students in those grades.

### **Health Conditions and Health Care:**

- #111 Do you have any physical disabilities or long-term health problems lasting or expected to last 6 months or more?(grades 8-12)
- #112 Do you have any long-term emotional problems or learning disabilities lasting or expected to last 6 months or more? (grades 8-12)
- #113 Would other people consider you to have a disability or long-term health problem including physical health, emotional, or learning problems? (grades 8-12)
- #114 Are you limited in any activities because of a disability or long-term health problem including physical health, emotional, or learning problems expected to last 6 months or more? (grades 8-12)

**Facts Sheets found here;** <https://www.askhys.net/FactSheets>

\*\*\* *Fact Sheets are not created for all topic areas*

\*\*\* Check out the Question by Question (QxQ) Analysis [tool](#) that can be used to look at potential interactions between questions. A step by step guide on how to use the tool can be found [here](#). When using the QxQ tool, always remember that you are looking at potential association, not causation.
