- Yes No If Yes, explain:

Purpose: The purpose of this emergency rule revision is to (1) define student absence in the 2020-21 school year for school districts across the state to collect and use daily attendance data during the COVID-19 epidemic, and (2) establish the minimum criteria of the attendance system that each school district must implement as required under WAC 180-16-200(4)(c). These rules continue to support the state and school districts in addressing the challenge of chronic absenteeism, improving learning outcomes and success in school for all students, and supporting the whole child.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The COVID-19 pandemic has required that many school districts must provide instruction remotely in school year 2020-21, either completely or partially, in order to ensure the safety of their students, staff, and communities. The immediate adoption of this emergency rule is therefore necessary for the preservation of the public health, safety, and general welfare in order to support districts in defining absence for students participating in remote learning and supporting students to access learning.
