Agency: Office of Superintendent of Public Instruction (OSPI)

Subject of possible rule making: Chapter 392-380 WAC Public School Pupils—Immunization Requirement And Life-Threatening Health Condition

Statutes authorizing the agency to adopt rules on this subject: RCW 28A.210.160 and RCW 28A.210.320(3)

Reasons why rules on this subject may be needed and what they might accomplish: OSPI is considering rule making to clarify the procedural and substantive due process requirements governing the exclusion of children from schools pursuant to RCW 28A.210.120 and RCW 28A.210.320 for the 2020-21 school year. Recently adopted rules by the Washington State Board of Health regarding school immunization requirements increase the possibility that students may be excluded from school due to non-compliance with these requirements.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies:

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) Early solicitation of feedback and recommendations respecting new or amended rules, and consideration of the comments and recommendations in the course of drafting rules

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting:
