Agency: Office of Superintendent of Public Instruction (OSPI)

Effective date of rule:

Emergency Rules

- Immediately upon filing.
- Later (specify) _____

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: The purpose of this emergency rule revision is to (1) define student absence in the 2020-21 school year for school districts across the state to collect and use daily attendance data during the COVID-19 epidemic, and (2) establish the minimum criteria of the attendance system that each school district must implement as required under WAC 180-16-200(4)(c). These rules continue to support the state and school districts in addressing the challenge of chronic absenteeism, improving learning outcomes and success in school for all students, and supporting the whole child.

Citation of rules affected by this order:

New: Chapter 392-401A WAC
 Repealed:
 Amended:
 Suspended:

Statutory authority for adoption: 28A.300.046

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The COVID-19 pandemic has required that many school districts provide instruction remotely in school year 2020-21, either completely or partially, in order to ensure the safety of their students, staff, and communities. The immediate adoption of this emergency rule is therefore necessary for the preservation of the public health, safety, and general welfare in order to support districts in defining absence for students participating in remote learning and supporting students to access learning. By extending period for districts to report non-truancy remote learning absences, OSPI intends to provide districts additional time to refine their attendance and engagement processes and continue to attempt to engage families.

On October 21, 2020, OSPI initiated permanent rulemaking to amend chapter 392-401 WAC to adjust the statewide definition of absence to, among other things, reflect districts' ongoing need to provide remote learning for the remainder of the 2020-21 school year.
